Luis Lionel Andres Messi was born on June 24, 1987, in Rosario, Argentina. At the age of 8, he joined the youth system of Newell's Old Boys Club. He was recognizably smaller than most of the kids in his age group. He was suffering from a hormone deficiency and this was restricting his growth. Messi's parents, Jorge and Cecilia, found his cure but it was impossible for them to afford this medication. At the age of 13, FC Barcelona's Youth Academy offered him a chance to train at soccer powerhouse and cover his all medical bills. So, Messi's family picked up and moved across the Atlantic to make a new home in Spain with no money, no jobs. They only followed the dream that these treatments would help him become big enough to be a good soccer player. Eventually, Messi grew to 5 feet and 7 inches (1.7 m), and at the age of 16, he made his first appearance for Barcelona. In 2005, when he was 17, Messi put himself in the record books as the youngest player ever to score a goal for the franchise, Barcelona. Messi became a star in his new country, leading his club to championships. In 2012, he set a record for most goals in a calendar year, and in 2016, he got the name Europe's Ballon d'Or winner for the fifth time. In 2013, Messi signed a contract extension through 2018 with Barcelona worth 30 million dollars. According to the sports magazines, he is the highest paid soccer player in the world. Messi is considered to be the best soccer player in the world without question right now. Some people call him "the flea" because he is so little but for many he is the flea because the other players can't catch him. With his short height, speed and pitiless attacking style, people often compare him to another famous Argentinean footballer: Armando Diego Maradona. And even the great Maradona boasted about his countryman. "I see him as very similar to me," the retired player said. "He's a leader and is offering lessons in beautiful football. He has something different than any other player in the world.
