Hello Merve!

Do you know where I am now? Look at the pictures and find out! I'm writing to you from a youth camp in Aladağ, Bolu. It is located in the middle of a wonderful forest. I think it is just a place for relaxing. There is a great organization here for high school students from all over Türkiye. Our campsite is surrounded by pine trees and a beautiful lake. We do different kinds of activities here. The day starts at around 6 o'clock in the morning. After making our beds, we have a big breakfast together. Then, we go cycling in the forest for some time. It's really amusing. When we come back, everybody reads books under the trees. After that, we hike in the forest and discover the nature around for an hour. We have lunch at about 12 o'clock. We swim in the lake near the campsite. Some campers do canoeing with the help of the trainers. We practise and play basketball everyday. There is always a match before the sunsets. After we have dinner, all the campers gather around the campfire and have fun by singing songs. Everybody goes to sleep at around 10 after a tiring, but enjoyable day. I suggest you to come and join a youth camp for the next summer .

Lots of love...
